

ANOTHER SEASON!

Seasons change, and with them change fashions and the wants of man and womanhood. It is the province of the merchant, who proposes to meet continuously these changes and wants, to see to it that his stock is replete with seasonable goods at the proper times.

MY PURCHASES

Fall of 1888.

Have been made, and I am confident that I have a stock of goods that will prove unusually attractive to the public.

DRY GOODS, NOTIONS, BOOTS & SHOES, HATS & CAPS, FURNISHINGS.

DRESS GOODS.

My Dress Goods Department will be of special interest to all lovers of nice, desirable fabrics. Come and see how I sell them, even if you do not want to buy.

My stock of BOOTS and SHOES fresh from the factories defies comparison, and prices therein will be a revelation.

It were enough to say that my present Fall Stock was up to my previous standard, but it is superior in quality, variety and prices.

The same circumstance as heretofore enables me to sell on the shortest profits—that is, I sell for CASH only. This fact accounts for the great saving to you, the public.

I ask for a continuance of a liberal share of the public patronage, because I think my low prices and nice goods have entitled me to it.

There is nothing to be lost, but much to be gained both in pleasure and profit, in visiting my store where every attention will be given you. Call early and often.

MILLINERY.

My Millinery Department under the management of

Mrs. J. P. Wayland, will continue to supply the newest and neatest things in Bonnets and Hats, and the ladies are invited to see them.

FIRST FLOOR BACK.

DRESS MAKING

A new and prominent feature of my establishment is the Dress Making Department, where dresses can be made on short notice in the LATEST AND MOST FASHIONABLE STYLES.

R. A. SAUNDERS.

LOCAL AND GENERAL NEWS BRIEFS.

Flannel Underwear at Saunders'. For a fine Umbrella, call at I. Frank & Co's. See Saunders' beautiful display of Neckwear. If you want a suit to work in call at I. Frank & Co's.

For a fine satin-lined Suit or Overcoat, call at I. Frank & Co's. All the latest sizes and shapes in Hats and Caps at I. Frank & Co's.

We are headquarters for fine Neckwear. Saunders has another lot of those Ladies' Muffs that have been so popular. The vote of the electoral college will be 223 for Harrison and 168 for Cleveland.

The great Boot and Shoe House. Did you ever see the like in a country town? Saunders'. An elegant line of Flannel Underwear, in heavy and light goods, is being shown at R. A. Saunders'.

DEED—On Sunday night last, Mollie, wife of Mr. James Kitts, of fever. Mr. Kitts and his young children have the sympathy of the entire community.

R. A. Saunders' cloak department is full of the newest and best things in ladies' wraps. The freight business at the Tazewell depot is so heavy that no less than five special agents were required last week to keep the business in motion.

I. Frank & Company can and will sell you a suit cheaper than you can buy it elsewhere in Southwest Virginia. Messrs. Coe, Rawn and Low, of the Norfolk and Western, are making a trip over the unfinished part of the Clinch Valley railroad.

The celebrated "Pearl" Shirt St. For sale only by us. Beware of imitations. Every shirt stamped "Pearl." I. Frank & Co.

A committee, consisting of Dr. Estill and Messrs. I. E. Chapman and R. Brittain, was appointed to sell the Presbyterian church property. Fifteen hundred samples of Foreign and Domestic Goods, made in suits to order, a specialty. Fit, guaranteed or no pay.

I. Frank & Co. Miss Mamie Gillespie returned yesterday from Richmond, where she had been attending the Exposition in company with Mr. and Mrs. George McCall. Gentleman's Neckties—Saunders has just received a perfect case of his own neck ties, made to order, of the most pleasing colors and patterns. These he sells at low prices. Get one, right away, quick!

Among the names mentioned as possible members of Mr. Harrison's cabinet, are John Sherman, W. B. Allison, Warner Miller, R. A. Alger, Jno. C. New and W. P. Frye. I would state to the public that I am the sexton of the Cemetery by appointment, and that as it is my duty to keep it in order, it should be my duty to receive orders for work done there.

MC. WILLIAMS. Ladies' cloaks and wraps at Saunders' just arrived. Here is a temptation for ladies, hard to resist. Made after the most approved late styles, of good material, perfect in shape, and in all sizes, this lot of cloaks will prove to be superior to anything ever seen here in this line.

Among the curiosities of the election returns few are more striking than the fact that, while Governor Hill has a plurality of about 18,000 over Miller, and Harrison one of about 14,000 over Cleveland in New York State, Hill's total vote is still 47,000 behind that of Cleveland.

Ladies, when you want anything in the way of a hat or bonnet, a fashionable mule dress, neckwear, underwear, gloves, shoes, a wrap, or any kind of notion and want it so nice as to wish to rank New York for it, call at Saunders'. He can fill the bill, and not take all your pocket change either.

The marriage of Mr. Robert Meek and Miss Brenda Groselock at the home of the bride's father, in Burks Garden, on Wednesday, was an elegant society event, and many friends and admirers of the contracting parties were present to offer congratulations. Rev. Mr. Doggett officiated as clergyman.

Of that line of Ladies' Yuffs, on which Saunders made a run at \$1.00 last season, he has a new supply to be sold until 75c. From this price upward he has many other qualities and styles. They are neat and desirable and will be worn this season.

SEND 25c. IN STAMPS. Get one box of Dr. SIMON'S LIVER PILLS and 16 beautiful illuminated cards. The cards alone are worth more than the price. Ask your merchant for the pills. If he has them send the outside wrapper and a 2c. stamp. We will send the cards free. Best family pill made. Chapman, White, Lyons & Co., Knoxville, Tenn.

The East Tennessee, Virginia and Georgia Railroad is not to fall into the control of the Richmond and Danville Company without a struggle on the part of the intended victim. Holders of certain of the stocks of the East Tennessee, Virginia and Georgia are organizing to defeat the proposed lease to the Richmond and Danville. A bill in equity to prevent its consummation has been filed by recalcitrant stockholders at Knoxville, Tenn., and a final fight is to be made at the shareholders' meeting on December 22.

PILES! PILES! ITCHING PILES. SYMPTOMS—Moisture; intense itching and stinging, most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

HORSES AND MULES FOR SALE. I will put up for sale at public auction to the highest bidder, on Court Day, TUESDAY, NOVEMBER 27, 1888, 10 mules and 10 horses.

Sale to begin at 11 o'clock a. m., in front of Tazewell Court House. The stock is in good condition and well suited for mines and farming purposes. Terms—Twelve months with notes and approved security.

GLASS SAND IN TAZEVELL COUNTY.

A CHANCE FOR ADDITIONAL MANUFACTURING INDUSTRIES IN VIRGINIA.

The officers of the Norfolk and Western road have for the past twelve months been making investigations and developments, in order, if possible, to find glass sand at some point along its line. Valuable deposits of superior glass sand have now been found on the line of its Clinch Valley division, near Tazewell Court House. The analysis of the same is given below, and also analysis of the best grades of glass sand found in Pennsylvania, which show that the Tazewell county sands of Virginia are superior for use in the manufacture of glass to those of Pennsylvania.

Tazewell county sand:

Silica	PER CENT.	99.162
Oxide of Iron	0.040	0.547
Alumina	0.111	0.140
Lime	0.040	0.140
Magnesia	0.040	0.140
Loss by Ignition	0.040	0.140

Junata and Empire flint sand, (Pennsylvania):

Silica	PER CENT.	99.94
Oxide of Iron	0.04	0.17
Alumina	0.17	0.21
Lime	0.11	0.17
Magnesia	Trace	0.04
Loss	0.04	0.04

Connellsville, (Pennsylvania) sand:

Silica	PER CENT.	99.28
Oxide of Iron	0.12	0.26
Lime	0.26	0.27
Alumina	0.27	0.27
Magnesia	Trace	0.07
Loss	0.07	0.07

One of the most important ingredients used in the manufacture of glass is soda ash or ammonia soda. This can also be manufactured in the State of Virginia from the salt brine at Saltville. The proximity of the immense deposits of glass sand in Tazewell county to the Pocahontas coal fields and to Saltville, where soda ash can be manufactured, should in the near future attract capital for the establishment of extensive glass works in Tazewell county. There are few places in the United States where the natural advantages of close proximity of the materials used in the manufacture of glass to the fuel—one of the most important factors—can be found.

With the completion of the Clinch Valley division to a connection with the Louisville and Nashville railroad, glass manufacturing located in Tazewell county, Virginia, could be placed on an equal footing with Pittsburgh establishments as to freight rates to all western and northwestern points; and to the south and southwest more advantageous rates can be made than can be enjoyed by the Pittsburgh manufacturers.

It would appear that here is a magnificent opening for the investment of capital in the manufacture of glass of every description.—Roanoke Times.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says. Toledo, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never

seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions. Yours truly, L. L. Gonsoum, M. D., Office, 215 Summit St.

We will give \$100 for any case of Catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, 75c.

HOT AND COLD WATER.

Mr. I. F. Burks, practical plumber, of Lynchburg, offers his services to the people of Tazewell. He can be seen at the Central Hotel. He is prepared to put in pipes for hot and cold water. He guarantees satisfaction in the quality of materials and condition of work done. Water in the house is the greatest convenience house-keepers can have, and people should take advantage of Mr. Burks' presence in town to have connections properly made.

GRATEFUL.

CHATTANOOGA, Tenn., July 27, '88. The Swift Specific Co., Atlanta, Ga.: Gentlemen.—Five years ago one of the best physicians in Evansville, Ind., was treating me for a bad case of blood poison, I did not improve to please him or myself either, and was on the point of changing physicians, when I was offered a place in Chattanooga. In telling my physician good bye, I asked him about your medicine. He hesitated a minute, and then suggested that I try it. Immediately on reaching Chattanooga I purchased three bottles of Dr. L. H. Wilson, druggist. I began to improve at once, and in six months there was not one of the hundred sores left on my body. I took a dozen or two more bottles, and to-day am as healthy as ever. I am ready to answer all inquiries and substantiate this statement to any who may address me in Chattanooga, Tenn.
